**ALWAYS BE READY**

#### A MESSAGE FROM OUR CEO

Welcome to our 2022 Dealer Catalog. We are honored to serve those who serve and to support our dealers who do the same. I thank our public servants and military personnel for their service and commitment to the greater good.

Since we were founded, 5.11 has focused on innovation for our customers whether that is on a call, training, deployed or enjoying their favorite activities. As always, we do so with the direct input of our customers. Engineering purpose-built products that offer comfort, durability, and utility – all while looking sharp.

This season, we are excited to introduce expanded 5.11 Stryke® Patrol Duty Uniforms, new women's apparel, new range bags and an assortment of Everyday Carry essentials. If you're a podcast listener, I invite you to give an ear to "Call To Service", our podcast where we visit with individuals who are called to serve and are always ready.

Thank you,

Francisco J. Morales  
CEO, 5.11 Inc.

## SIZING INSTRUCTIONS

Using a measuring tape, measure your body (not over clothing) and refer to the size charts to determine the best size. If you fall between sizes, we recommend ordering the larger size.

Measure around the base of your neck

**CHEST**  
Measure under arms and around the fullest part of your chest with measuring tape parallel to the floor.

**ARM LENGTH**  
Slightly bend elbow and measure from center back neck, over top of shoulder and down to wrist.

### ALL HAZARDS PRIME BACKPACK

The polite way to describe the All Hazards Prime is that it's extremely durable. But let's get real: It's just plain meaner than your average bag. Designed with input from MACTAC instructors, the Prime's main compartment holds two Ammo Mules or other gear, while the front panel unzips 180° for full access to a MOLLE- and SlickStick®-compatible medical compartment. There's also an internal laptop sleeve, a dedicated hydration or armor compartment, and an all-purpose shove-it pocket for quick storage of a helmet or extra cargo. And because details matter, we added a fleece-lined sunglasses pocket, side-mounted retention lanyards, and a quick-grip top handle. Each compartment is lined with high-visibility orange to assist in low-light conditions. With the All Hazards Prime on your back, you and everyone else can breathe easier. Imported.
